Chemistry is an exacting science.

ScholAR[®] Chemistry

*is here to offer
you solutions.*

This new edition of the **ScholAR Resource Manual** is a veritable “how to” guide for chemistry educators. Designed as a comprehensive resource, it provides you with everything you need to manage a safe and productive chemical classroom and lab.

In partnership with the **Dana Center**, ScholAR Chemistry provides you the most up-to-date information needed for establishing and maintaining a chemical cabinet with the safety of your students in mind.

Look for the latest ScholAR Chemistry solutions for teaching chemistry inside the pages of this manual.

Your safety is our first priority!

ScholAR[®] Chemistry

ScholAR Chemistry Technical Support

Are you unsure about a technique or experiment? Need an MSDS? Have questions on a particular chemical or safe handling practice? If you need help, ScholAR is here to offer you solutions. Our chemical experts and laboratory specialists are on hand to answer your questions Monday through Friday, from 8:00 a.m. to 4:30 p.m. Eastern Time, at **866-260-0501**. This toll-free technical assistance hotline is designed to help you create a safe, organized, and efficient chemistry classroom and lab.

Ordering

ScholAR's exclusive distributors offer you the most friendly and knowledgeable customer service representatives for assistance with all your ordering needs. Whether by phone, fax, mail, or email, ordering ScholAR products is easy and convenient. Please find contact information for ScholAR distributors—Science Kit, Sargent-Welch, and Wards Natural Science—at the bottom of this page. You may also visit www.scholarchemistry.com to place your order with any ScholAR distributor.

Chemicals & Shipping Charges

Shipping is an additional charge added to all orders. These charges can vary depending on the nature of the product, weight, destination, delivery date, and method of delivery. The minimum charge for ground delivery is \$10.00. To estimate your shipping charge, take 12% of your total order value. Because of their special handling requirements, freight companies routinely impose a surcharge on each package of hazardous materials shipped. Please contact our distributors for shipping charge details on your chemical order. Also due to special shipping and handling considerations, orders for chemicals will only be accepted from educational and research institutions. Chemicals will not be shipped to individuals. And, remember ScholAR Quick Prep chemical products save you money with *no hazardous shipping charges*.

Credit Card Orders

Ordering from ScholAR's exclusive distributors has never been easier. Ward's Natural Science, Sargent-Welch, and Science Kit all accept VISA, MasterCard, and American Express credit card orders by phone or mail. Be sure to have your credit card number and expiration date available when placing orders. When using an order form, please print clearly.
